Manitou Picnic A Great Success

MANITO LAKE 1920—1920
AN IMPRESSION
BY ROBERT JUKES

Many are the moons that have passed since those jovial days when we scumbled about the bridegroom's "Narrow" of Manitou Lake; that charming grove overlooking the dancing waters, the rustic table groaning under the weight of tempting grub—still haunt the memory.

In numbers we were small, but in capacity for enjoyment—immense and as to appetites, they were simply such as only these western plains can develop.

An ox-team or two, a few horses—perhaps a buggy even might have been discerned among the trees, though it brought those mossy loads, who, vowing by all their Gods that, out for a good time they would enjoy themselves quickly did so with right good "gee."

But what of this we see to-day? No ox teams here No groups But the same scenery repeating the same old sparkle of the lake to gladden the crowd garbed and fashioned to the latest tap—a thing that gaily flutters to and fro round the sport ground that is parked in double ring with countless motor cars.....

A change indeed from old times, and one provoking the thought that here before one lies the proofs of expansion and of progress, with, let us hope, still further points ahead on the road of happiness and prosperity. But the incoming setting approach and linger in a land that holds so much of promise—promise that evolves from the unflinching courage of men and women possessed of "stay with it" hearts—hearts that beat unchilled by the stress and storm of pioneer struggle.....

We would love to show such a scene as this to those croakers who revel in quenching the sunshine of life and challenge them to say that these holiday makers betray sign of either gloom or depression..... But the Spirit of the Day whispers, stop your musings, come with me and listen to the voice that cries "Play ball," rejoice in the good things that the "inner man" so generously spread around.....

Sure thing! And quickly merging in the festive crowd, we both soon found more than all we sought..... Isn't this fine!—cries the Spirit of the Day swooping on to an ice cream..... follow me.....

Flavored by splendid weather, the Dominion Day Picnic opened by start-baseball game between Airle and Manitou Lake, the victors were represented by the visiting team, the figures of the score being:

Airle 11
Manitou Lake 7
The next game was between Airle and Senlac resulting in a score for the latter of 15, against 7 for Airle.

The final result was, that Senlac took first money and Airle second. The first football match was between East-Manitou and Manitou Lake. The game ended in a draw, no goal being secured by either side. The Airle and Chauvin teams then met, and the result was similar to that of the above game, no score being made.

East Manitou and Chauvin then faced each other, the victory going to East-Manitou. Score, East Manitou 2, Chauvin Nil.

Football Notes

CHAUVIN VS. WAINWRIGHT

The Chauvin Football Club motored up to Wainwright on July 1st. Unfortunately, Harry Strachan and Oscar Hawthorn were unable to make the trip. But Keatinge and Laplante did well as their under-studies.

Chauvin won the toss and kicked off with the wind in their favor and immediately swarmed round their opponents goal—shot after shot was rained in, Pearce and Mills both hitting the bar. Guthrie missing by inches, but Chauvin were unable to score—From a breakaway the Wainwright forwards worked close in and beat LaPlante.

From the kick off Chauvin rushed the ball into Wainwright's territory and after their goalie had saved shots from all of the forwards, Mills accepted a pass from Guthrie and made the score level, Wainwright kicked off but "Happy" booted the ball into the Wainwright goal and they were hard pressed the goalie saving in turn from Guthrie, Mathot and Mills. Wainwright were having all the play but Wainwright broke away and shot from left wing, the ball striking the bar and glancing thro' goal, Laplante having no chance it save—Chauvin were not to be denied however and from the kick off, the ball was passed out to Guthrie who beat halves and sent it in a race up field and slamming the ball across it was trapped by Mathot who made no mistake and beat Wainwright goalie "all ends up—Chauvin continued to press until half time but could not score again the teams changing ends with the score 2-2.

In the second half Wainwright had the wind in their favor and for the first fifteen minutes had more of the game than they did at any other period. Their outside right got away, and control amidst sport for off-side which were disallowed and the ball was rammed thro' for Wainwright a third goal—Chauvin kicked off, immediately raided Wainwright's goal "Happy" hitting the goal post and Beatty narrowly missing Guthrie came inside right and put in a shot one that the goalie was lucky to get away "Happy" shot four times in succession but the ball in each case struck one of the Wainwright players and they relieved.

Time was going fast and although Chauvin were outplaying Wainwright they could not score. Mills received a pass from Guthrie and was fouled near goal but an appeal for a penalty was disregarded—Happy slung the ball out to Guthrie who got away to centre to Mills who beat goalie at close range Wainwright kicked and sent the shot her ball, from now on Chauvin assumed command of the game. "Happy" Fitz, and Johnston at half back tackling fine and placing the ball well up to their forwards, who ran rings round their opponents but had swift kick in net scoring, but they had other striking players or missing the goal by inches. Fitz was putting up a good game as was also "Happy" whilst Johnston did well considering he had a very fast wing man to hold all the forwards worked hard and had Wainwright halves and backs "up in the air." Two minutes before time was called the constant pressure of the Chauvin forwards was rewarded, Happy swung a pass over to Beatty who ran in and from about

H. ARTHUR BARTON. The Actor-Evangelist, who is conducting a series of meetings in this district.

H. Arthur Barton known as the Actor-Evangelist gave a very convincing address in the Presbyterian Church last Sunday evening on the Prohibition Referendum. Mr. Barton said in part:

There is no truly righteous nation in the world and if history be true, never has been. The greatest enemies of nations are prejudice and money madness. We have no right to throw stones at other nations for every nation is more or less affected by these vices.

The real worth of a nation is not to be measured by its lands, cattle and bank clearings, but by the character of its citizens and its ideals.

Public morality is demanded to-day as well as private. A man might pay \$500 to have a home for fallen girls, yet so oppress his girl help in his factory by not paying them a living wage. The weaker ones might be drawn to the very life the millionaire paid his money to wish to avoid.

Righteousness says all laws must be finally tested by this question: What effect will this law have upon the well being of the people? Will this law make the country into a better place in which to train boys and girls? Will this law help the citizens to be better morally, therefore happier?

Righteousness says the day is speedy coming when the man who grows great wealth will be considered immoral if he does not give society some adequate return for that wealth.

King Alcohol is fast becoming a vagabond and out-cast throughout the western world. Fussy-foot Johnson says England will have prohibition in ten years.

Virtually all respectable organizations are opposed to strong drink for beverages purposes to-day.

The Church, The U.F.A., The Woman's Institute, Science, and the Bill Board Syndicate are all opposed to strong drink.

The greatest enemy to the winning of the war in Great Britain was strong drink. It prolonged the war for months and cost countless lives. But for the grain and sugar wastes that the war England could have had enough food to feed her people for a year if no ship had reached her shores.

During the war England was guilty of the greatest waste of food stuffs even known.

During the first 1,000 days of the war, King Alcohol went to every kitchen cupboard in England and stole 600 pounds of bread and 76 pounds of sugar.

Picnic Postponed Till July 21st

(Held over from last issue)
The steady heavy downpour of rain falling St. John Baptist day, left no opportunity for enjoyment of an outdoor picnic. All such plans were therefore cancelled.

The devotional portion of the program was carried through, and impromptu dinner and supper was served.

Later in the afternoon the rain ceased and the evening proved fine. This enabled a large number to turn out to the concert in the church.

Rev. Father Huet, of St. Albert, addressed the gathering both in French and in English, speaking of the patriotic aims of the St. Jean Baptiste society. Rev. Father Huet, also delivered a short address; also the reverend of Chauvin, D. W. Pareels.

The Martin, family of Edmonton, contributed largely to the program, all their numbers being received with much applause.

The comedy presented by the members of the local branch of the St. Jean Baptiste club was worthy of commendation.

The arrangements for the St. Jean Baptiste picnic which was postponed on account of the weather will be carried out on St. Ann's day, Wednesday, July 21st in the church grounds.

Full particulars will be announced in the near future. Meanwhile kindly take note of the date

Y.P.S. Picnic

The members of the Young Peoples Society, who have been camping at Salt Lake since last Wednesday broke camp and returned home on Sunday. A good number of them were in time to attend church service.

About fifteen Y.P.S. boys and girls met up the party of Mr. Pareels. Some of the party taking blankets etc. down to the Lake on Tuesday to be ready. All started out on Wednesday morning when the Chauvin school held their picnic.

They have all had a good time, and are now looking as if Salt Lake agreed with them, and the weather man has done his best not to "spoil sport"

This is the first time the Chauvin boys and girls have tried camping but we are thinking it will not be the last. Mrs. Dr. Poldine and Mrs. Pareels spent two days and nights each with the Young People, giving them any help or advice necessary.

Edinglassie Notes

Wm. Evans and Mr. Evans Sr. are around visiting old friends. M. Evans Sr. is looking well and hale for over 80 years old.

School re-opened after two weeks vacation on Monday June 28th.

Mrs. J. Rehnart was pleased to have a short visit from her father, Mr. D. Evans of Star City, Manitoba. Mr. Evans was on his way to 2nd land, Oregon, where he has 100 acres, make his future home. Mrs. E. Davey and little son, of Wainwright also visited under the parental roof for a few days.

All were very pleased to have Rev. Millar of Chauvin preach in the school last Sunday morning. We all appreciated having him in our midst and to know we will be favored with him every other Sunday in the future. The next service will be held on Sunday morning July 11th. All services commencing at 11 a.m.

All who attended the sports program and dance at the school on the evening of June 29th report a good time. Owing to the other many functions of the same evening it somewhat hindered many others who would have otherwise attended. However, a fine program was given and a nice sum realized which will be utilized for the purchase of a basket ball equipment for the school grounds.

Thanks are extended to any and all who in any way aided towards the success of the evening.

Miss L. M. Brent returned from her vacation this week to again resume her work in the school.

Mrs. W. Brent is attending the Edmonton Fair and visiting friends in that city.

Miss Gretchen Richardson who has been attending Chauvin High School completed exams at that place last week and all their friends surely wish her success.

We are sure enjoying real summer weather the last while which, following the recent heavy rains gives the crops he desired and they certainly look exceedingly promising at the present.

The Leaholme U.F.W.A. are raffling an autograph call on the picnic on July 14th, tickets 25c. each.

Our Weekly Sermon

(Continued from front page)
You cannot control the traffic in intoxicating liquor any more than you can control the anger of the lioness when you interfere with her cubs. Bishop Potter's moral salon opened with prayer, was a failure.

You can no more have a moral salon than an honest thief or a virtuous prostitute.

Governor Patterson of Tennessee was given to drink and was a strong advocate of the license system but in 1913 became a converted man, and has done wonderful work for the Prohibition cause in the United States.

The enemies of Prohibition say it is an interference with personal liberty. When your injury begins my personal liberty must end.

The personal liberty plea against prohibition is based on rank selfishness. It has no leg to stand on.

The boy in the yard says "This is my father's yard, did my gun" I will shoot off my gun in daddy's yard. Boy, you cannot do it, because the bullet from your gun might hit the boy over the fence in your neighbor's yard. There is no such thing as absolute personal liberty. The only person who can be permitted to have absolute personal liberty is the man incapable of injuring any one else. A shipwrecked man swimming in the Atlantic Ocean has perfect personal liberty.

You must give up your bottle of whiskey for the sake of the weaker man and for the good of society.

For the first two years the Alberta liquor act was a great success. When the influenza came the law was loosened to the injury of many.

Jan. 1st last interprovincial trade in intoxicating liquor was opened, and since then Prohibition in Alberta has not prohibited.

The question whether the government shall handle all liquors. The question of stopping the manufacture of intoxicating liquor are questions to be considered, but the question of the minute, excluding all others between now and next October 25th is this—Will you vote against the importation or bringing into this province all intoxicating liquor for beverage purpose.

There must be an overwhelming majority in favor of the Referendum if it is to impress the government as it should. With the assistance of the vote by the women this can be done. Overconfidence is a danger. In 1912, the amendment to the prohibition act in the state of Maine was won by a hairbreadth. Why? Because 30,000 prohibitionists did not go to the polls, while every thug and thief and swineherd of blind pigs cast his vote.

When George V. was in the trenches visiting the men during the dark days of the war, the soldiers said to him: "We will see this thing through" Let us say the same in reference to the Prohibition Referendum.

They built a church at his door

—He wasn't in it.

They brought him a scheme for relieving the poor.

—He wasn't in it.

Let them work for themselves as he had done.

They wouldn't ask help from anyone if they hadn't wasted each golden minute

—He wasn't in it.

When men in the halls of Prohibition met

He heard their arguments without regret

Too high a mark for him they set

—He wasn't in it.

The funeral trappings made a display

St. Peter met him with book and bell.

"My friend you have purchased a ticket for, well—

Your elevator goes down in a minute

—He was in it.

PROFESSIONAL APPRECIATION

"Oh, I don't know. About enough to live in what is at present middle-class style, I guess."

"This doctor advises 'well balanced meals'."

"What does he mean by that?"

A PUZZLE IN PUNCTUATION

A funny old man told this to me I fell in a snowdrift in June said he I went to a ball game out in the sea I saw a jelly-fish float up in a tree I found some gum in a cup of tea I stirred my milk with a brass key I opened my door on my bended knee I beg your pardon for this said he But 'tis true when told as it ought to be

The various committees of the Association were most energetic in their efforts to render the day a success, and the large crowd that was present owed them indeed a debt of gratitude.
It was pleasant to note the presence of so many visitors from distant points, Chauvin, Seneca, Cudkoffs, East Manitou, sending groups all of whom we shall hope to meet again on an equally pleasant occasion.
Although, while wandering over the grounds, we could not but help regretting the absence of some familiar faces of the past, this momentary sadness was truly dashed away in that conspicuous element of the visiting generation, who here in full force, flashed to one's heart through their radiant happiness, the hope that in the game of life, the yest and joy displayed today, would follow them, for if so—we need have no fears for Canada—for Saskatchewan—to morrow.

RELIEF ACT

Gives the council of a municipal district power to pass a by-law authorizing it to borrow upon the guarantee of the Government such sum at not more than 8 per cent. interest and upon such terms and conditions

as the Lieutenant Governor in Council may deem advisable, to supply relief to residents of the district who may be otherwise unable to procure same. The district shall take from the party to whom the relief is supplied his note for the amount, payable not later than the 31st of December next, with rate of interest not exceeding that payable by the district. The amount may be secured, where the party is the owner of the land or obtains the consent of the owner, by a lien upon the land registered in the Land Titles Office within thirty days and by an agreement for a lien upon all crops grown upon the land of the party assessed during the year in which the note is given, notice of such agreement to be registered in the registration district for chattel mortgages within thirty days of the date of the agreement. In cases where the consent of the owner cannot be obtained to a lien on the land, in addition to the lien on the crop, the council may take chattel mortgage security, registering the mortgage within thirty days. The Council is given powers for collection where the security is being endangered in any way, and penalties are provided for attempt to defraud or to dispose of any relief for any purpose other than that specified in the application.

Ribstone W. I. Notes

The Ribstone W. I. held their regular meeting on Saturday July 3rd. There was a good attendance and four new members were enrolled.

The session was a lengthy one and important business was transacted including the revision of the Fall Fair prize list. The date for the Fair was set for September 26th. It is intended to make this a sports day, two baseball teams have already promised to attend. The members of the Institute are working very enthusiastically to make this day a success, and we are assured of having one of the best days enjoyment of the season.

The prohibition question was also discussed, and it was decided to send away for literature on this subject.

We already have a very good idea of what the Ribstone ladies can accomplish, and we fear sure they will have the well merited support of all who can attend their Fair-Sports-Day or in any way help to make it a success.

The monthly meeting of the Ribton Women's Institute was well attended, prizes were arranged for school gardens as follows:

The special prize for the best collection of vegetables from the best three schools will be \$5. The 1st prize for school garden produce will be \$3.

OH, GIRLS, HOW COULD YOU DO SUCH A THING

Girls from the Town of Ribstone and the Surrounding District took part in a Deadly Ball Game

The usual solitude and quietness which pervades the vicinity of the Ribstone park was rudely disturbed on Monday evening and residents of that vicinity who spend their spare time just now gardening, hastily dropped their implements and made a bee line to the source of the commotion. The reason proved only to be that the ladies base ball team of Ribstone has been challenged by a hand picked team from the surrounding district, and the teams were looking forward to mortal combat on the base ball grounds.

An enormous crowd soon gathered on the ground ready to support and Sharp at 7.05 Jack Crit. who tempted the fates by assuming the role of umpire, called "Play Ball" and the big battle was on. The town team took the field in the first inning, and just for a start third base player Smith poled out one of the pitchers choice offerings and rambled to third on the blo. amid the plaudits of the admiring fans. Four runs was the district team contribution in this inning. But the town representatives were out for blood and replied with eight tallies. The following innings were crammed full of thrilling and unheard of plays by both teams and only the sterrra-wark of the town pitcher and first baseman kept down the score.

Worthy of special mention was the feat of Miss Burton who held down second base for the district.

It happened in the dying moments of the game when she leaped on one of pitcher Cook's curves, and made what she was pleased to call a "Farmer's Hit." The game was temporarily stopped while a search party was organized to try and locate the elusive pill which was finally located under the dancing platform at the north-west corner of the park. catcher Sadie Burton, and first base player Loral Clifford of the district team and centre field fielder, Elsie Elton of the town team uncorked lots

of real pep and ran the bases and batted a la Cobb performing in regular big league style. The performance came to a close after lasting six innings.

The score keeper had apparently become tired and laid down on his job but after holding a postmortem on the score sheet and with the assistance of a couple of adding machines it was discovered that the district girls ball team had bested their rivals to the tune of 60 runs to 9. The town girls are not satisfied with the results and are hankering for a re-

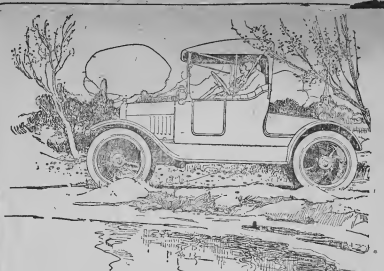

turn game, they say it is slated to come off on the date of the Ribstone annual picnic, when they claim the score will be different. It is rumored that many greenbacks changed hands through the result of this game, and for this reason the town hachelors are more than anxious for revenge.

The personnel of the teams was as follows:—Town team—E. Wood, L. Clifford, S. Dallyn, E. Elton, B. Bell, District team—S. Burton, A. Clifford, E. Morrison, G. Young, A. Oliver, B. Dallyn, R. Young, L. Smith, B. Smith.

COMPARATIVE LUXURY
"My dear, as you have been fairly prosperous this year, I think you must give me a few dozen eggs as a Christmas present."

THE SYMPATHY OF THE CHILD

"My darling" said the mother who believes in teaching her children by reason and appeal to their tender feelings, "if you are naughty, mama will get ill and have to lie in bed in a dark room and take nasty medicine and then she may die and have to be taken away to the cemetery and be buried, and you—"

The child had become solemn, but an angelic smile overspread his face at his mother's last words, and throwing his arms about her neck, he exclaimed: "O, Mama, and may I sit beside the coachman?"

* PASSING THE BUCK

Overworked Husband—"You've been keeping me waiting around here like an old fool for an hour."

Wife—"Well, my dear, I may have kept you waiting, but I had nothing to do with how you waited."

ANOTHER GOOD WAY

Chimney: "What's the best way to teach a girl to swim?"

Johnny: "Well, yer want ter take her gently by de hand, lead her gently down to de water, put yer arm round her waist, and—"

Chimney: "Oh, cut it out! It's me sister."

Johnny: "Oh! Push her off the dock!"

APPLIED HYDRAULICS

Mixie—"A friend of mine fell asleep in the bathtub with the water running."

Trig—"Did the tub overflow?"

Mixie—"Nops, luckily he sleeps with his mouth open."

WHY HE WAS CONTENT TO GO

An uncanny prediction is reported by an Iowa paper. "Shortly before the end came," runs the obituary, "he folded his hands together and said that everything was going higher, and quietly and peacefully he fell asleep."

The Editor's Table

Already the first half of the year has passed into history. It will prove a memorable period. The hard winter. The feed shortage. The late spring. The plentiful year rains. The rapid abundant harvest.

That the wheat should be in the shot blade within nine weeks of sleighing, is indication that this district is one of supreme fertility and growth.

A walk through town Saturday afternoon was amply sufficient to prove that for the present, at least, the mind of the public, toward sport. On the sidewalk, in the post office and other public places, sport was the chief topic of conversation. It was to be noted that the ladies were taking as keen interest as the men.

This year in sports football has come to the front. Whilst baseball has declined to a larger degree than we wish to confess. It is to be noted that since the Chauvin football team

was last organized, it has gained an unbroken string of victories. On the other hand the management of the baseball team has not been as virile as it should have been.

The matter of management, however, is not the only consideration. In Northern Alberta, at least, during the past few years, football has become more popular. Its popularity is increasing faster than that of baseball. Whilst we do not expect, or hope, to see baseball superseded, we would be glad to see football equally popular in the eyes of the public at large.

An event of the greatest importance will form part of the Peace Celebration to be staged by the Chauvin G.W.V.A., July 19th. We refer to the unveiling of the Roll of Honor.

The central position on this roll is occupied by the names of those of our brave boys who paid the supreme sacrifice. On the right and left thereof is the list of those who served, and who were spared to return from the fields of carnage, bearing the flag of victory.

A suitable ceremony is being planned by the committee. But the most fitting tribute will be the presence of all those who appreciate what our boys did. That, needless to say means everybody.

We note that there are a number out to win the prizes offered by the Chauvin W.I. for the best kept lots and yards in town. This is as it

should be. It is infinitely better to be competing for these prizes, than striving only to draw the attention of the village constable.

Incidentally we note that the village constable has been out warning certain parties to clean up. Here's to the success of our village constable and hoping that a certain class of our citizens may learn that laws are to be obeyed.

Attending meetings relating to the forthcoming referendum is not a popular pastime with our people. As that is, we have plenty of evidence that a number of our people will vote 'Wet'—in fact a 'Wet' majority is extremely likely in this district.

There is no need of argument other than to say "If you want it 'dry' get out to vote—and see every 'dry' vote is polled. Don't grouse about the House of Lords, or the Senate, and fall down on this vote.

The prize lists of the Chauvin Agricultural Fair has been mailed. This book contains a long list of prizes to be won. There are prizes for 'Pa' Farmer, 'Ma' Farmer, and all the 'Young' Farmers. If you have not received a book, ask for a copy at the Chronicle office. If you have not won a prize before, win one this year.

Driving on the wrong side of the road is a habit far too prevalent in this district. Several narrow escapes from serious accidents have already happened this year. It is not to be expected that the guardian angel should dance attendance upon those to whom the practise of fair play is consistently neglected.

Rumours are the product of diseased minds; and sometimes the fruit of mental and moral degeneracy. It is not well in the ordinary run of affairs to take note of rumors, but on certain occasions it is advisable to give the lie to them. The current rumors is one to the effect that it is the intention of the townsfolk to boycott the U. F. A. picnic. There is absolutely no truth in this rumor.

"O! did not. O! was after a twolve by fourteen, and the only soize they had was fourteen, by twolve."
"Ye fool, why didn't ye get it? Ye could have put it in sideways, couldn't ye?"
